

A letter from...
THE PHOTO BOOTH GUYS®

WHY WE'RE THE BEST

The Traveling Photo Booth® started developing the greatest photo booth in the Galaxy long before renting booths became popular.

Since then, our booths have taken over 750,000 goofy photos of adorable brides and grooms, relatives, friends, celebrities, shirtless groomsmen, flower girls, and everyone in between.

Our booths bridge the retro appeal of the past with the technology of today.

Over 1,500 happy clients, just like you, have trusted our unrivaled photo booths. They're jam-packed with unique features, are intoxicating (in a good way), attractively fit all your bridesmaids (or just Grandma) and quickly print real photo strips.

Life's biggest moments deserve the best.

Sincerely,

Casey Haselwander *Amanda Maier*

Rent a Real
PHOTO BOOTH

EVERY RENTAL INCLUDES

TRADITIONAL PHOTO STRIPS

Photo booths print photo strips. A photo strip is sequence of vertical photos with an unmistakable beginning, middle and end. The traditional format is timeless, universal and is the perfect way to tell your story.

SUPER TONES™

More tones than you'll know what to do with! Color, Black & White, Sepia and Retro Colour come standard with every rental.

USER CHOICE

Choose the tone for one strip, both strips, or let your guests decide on the fly!

RETROLENZ® TECHNOLOGY

RetroLenz® Technology combines the retro look of yesterday with the quality and technology of today. Our secret concoction of state-of-the-art equipment and RetroLenz® Technology creates sharp, high quality and... well, retro-rific photo strips.

AN ON-SITE BOOTHER™

Since our booths are totally automated, our boother's™ focus is you – not the photo booth. This customer service guru will help your guests, will look like a million bucks and will make your photo strip guest book look even better.

ONLINE IMAGE HOSTING

Enjoy browsing all of the photo strips from your event in our online, password-protected gallery. You can order prints and downloads, too!

UNLIMITED PARTY FAVORS

Our booths always print two identical photo strips — one for you and one for your guest.

HIGH RESOLUTION & ARCHIVAL PHOTO STRIPS

Your memories should be handled with the utmost of care. That's why we always employ extremely archival (and expensive) printers and high resolution cameras.

A BETTER PHOTO BOOTH

Antique booths may be charming but print too slowly, fit too few and haven't harnessed today's technology. Most modern booths are too big (or too small), are unattractive and print photo grids instead of photo strips.

Our booths are fully automated, print real photo strips quickly and accommodate small and large groups.

We think they even create better pictures.

A FASTER PHOTO BOOTH

In less than 20 seconds you'll have that photo strip in hand. You'll get more photo strips (more bang for your buck), spend less time waiting and make more memories.

THE PERFECT SIZE

Space saving size but big enough to fit all your guests (the record is 20). The combination of our open back and spacious bench create attractive, frame-filling photographs of both small and large groups.

VOTED BEST WEDDING VENDOR

Winner of the 2009 MN Bride "Top of the Tiara" Award for All-Around Best Wedding Vendor. Over 4,000 votes were cast by brides, grooms and industry peers and we got more than anybody! "Top of the Tiara" has a nice ring to it. (No wedding-pun intended.)

Winner of the 2008 & 2009 Twin City Bridal Icon Award winner for Excellence in Use of Entertainment. This award was judged by a panel of nationally-recognized wedding experts, and we weren't even on the judging panel!
